Infantry Battalion of Ex-Service Men Only to be Raised

The Princess Patricia Light Infantry is the name of an infantry battalion which is to be raised in Canada under the direction of the Duke of Connaught's military secretary, Colonel Farquhar. Captain J. McKinney, who was twice wounded in the South African campaign and recommended for the Victoria Cross, received a telegram from Colonel Farquhar Saturday evening, and will recruit the local unit.

This battalion will be composed entirely of ex-service men, and qualification will be as follows: Physically fit, good character, age up to and including 40; must be ex-regulars of imperial or Canadian service or have served in South Africa.

Recruiting will begin as soon as a suitable hall can be obtained, probably some time today. Further particulars will be given later.

ALSATIAN INHABITANTS ARE OVERJOYED AT THE SUCCESS OF GENERAL JOFFRE'S ARMY

French Troops Capture Altkirch and Mautausen in Alsace Lorraine Inflicting Heavy Casualties on Garrison of German Troops by Hurting Themselves Recklessly on Enemy With Bayonets.

Paris, Aug. 10.—The invasion of Lower Alsace by a French army under the command of General Joseph Joffre, the French commander-in-chief, has awakened great enthusiasm throughout France. French military authorities, while recognizing that the occupation of Altkirch and Mautausen by the French troops is not of high strategical importance, are of opinion that the successful advance of the French army far across the German frontier will have considerable moral effect. It is also unofficially reported that Kolmas, father of the north, has fallen into the hands of the French.

The Alsatian inhabitants are said to have been so overjoyed at the appearance of the French army that they tore up the frontier posts.

Reports of the arrival of an Austrian army corps on the Silesian frontier near Basel were the object of close attention by the French military authorities. It was said that several more Austrian army corps were being organized in the Tyrol, whence they would later be sent toward the French frontier. In view of this, the French government yesterday asked the Austro-Hungarian ambassador to France, who still remains at his post, to explain the intentions of Austro-Hungary in regard to France.

German Fire Buildings.

Before retiring from Mautausen the German troops are said to have fired at numerous buildings in that city, especially the warehouses, where food and forage were stored, and the forest at Hard, near Kolmar, is said to have been razed.

Martial law has been established in Alsace, where it is said the Germans announced that any person suspected of sympathizing with the French would be executed without delay.

Detailed orders were issued yesterday to both the French and German governments, making the industrial resources of the two countries common property, while the arms factories in France and Belgium were working in cooperation in supplying military material. Coal and grain are to be utilized in common by the two countries, and there is to be complete coordination of military resources.

The governor-general of French West Africa telegraphed to the colonial offices today, stating that the French and Belgians, in cooperation with an English warship, have occupied the German colony of Togo.

At the same time as the British warship appeared off Fort Lome, the

POSITION MORE NEARLY NORMAL IN BANKING CIRCLES

Some Doubt, However, as to When London Stock Exchange Will Open.

GREATER EMPHASIS LAID ON BANK RATE

Anxiety is removed and repetition of last week's scenes not likely.

London, Aug. 10.—Still no decision has been made yet as to the opening of the stock exchange. The 24 hours' notice expected to be given by the committee was not announced on Saturday and it is understood the matter is still doubtful. Apart from this important phase, the whole financial situation continues to grow less troubled and complex and favorable indications continue to multiply to the satisfaction of the government and banking authorities.

Greater emphasis was laid on the better all round position by the further reduction in the bank rate. Reduced to six per cent, on Friday the official minimum was placed one per cent. lower on Saturday, standing now at five per cent. This is regarded as the top stone of monetary reassurance, evidence that the public has completely relaxed its anxiety, and that the position is one of strength.

The lessening of the bank rate is due to the fact that the French of the village of Altkirch, in Alsace, says that the French advance guard arrived before the post of Altkirch, which was defended by strong earthworks and occupied by a German brigade. The French in about 100 numbers carried the breastworks in a fierce bayonet charge. The Germans, however, abandoning the trenches and machine guns, fled in confusion. The French pursued the retreating German brigade in the direction of Wailheim and Tengen, where they were met by the French. Darkness permitted the Germans to conceal themselves and the French to advance without incident, the cheers of the people.

On Saturday afternoon the scouts found that numerous and important defenses protecting the city had been abandoned and in less than half an hour the French occupied Mautausen. The French troops are now in the direction of Neu Breusch. It is unofficially reported that Kolmar, a city 10 miles northwest of Strasbourg, in Alsace-Lorraine, has been occupied by the French.

London, Aug. 10.—The Paris correspondent of the Daily Telegraph says: "A very serious note has been sent to the German government by the French government, warning the troops who had themselves recklessly on the enemy with bayonets in the battles at Altkirch and Mautausen."

"A big cavalry encounter has occurred on the plateau of the Moselle, near Metz, probably at Woevre, in the departments of Meuse and Marne-Moselle. It is said the fight resulted favorable for our allies."

Fire Takes \$40,000.

Grinby Park, Ont. 10.—Thirty-eight cottages were destroyed by a fire which yesterday afternoon swept through the park. The loss will be about \$40,000. None of the cottages were burned, the fire being checked in front of the Lake View house by tearing down and blowing up several cottages.

Paris, Aug. 10.—A special to the Figure from Brussels says that two strangers who arrived from Berlin, which city they had left with some difficulty, declared they had witnessed an agitation against the emperor in the German capital. "Down with the emperor" and "Down with the crown prince," was cried. The Belgian government has printed and distributed among its soldiers descriptions of all designs of all uniforms worn by the French and English troops.

No News of Movement Given to British Public Until Force Landed on French Soil.

Paris, Aug. 10.—Official announcement was made by the war office Saturday that English troops are landing on French soil under the direction of French officers. It is also reported that a large force of French troops has reached the city of Louvain. The British troops comprise the first British expeditionary force of 22,000 men, and include some of the crack regiments of the British army.

The troops will be rushed to Namur to assist in the defence of that town, where it is expected the chief stand against the German invasion of Belgium will be made.

The bringing of the expeditionary force was mapped out at a conference of representatives of the British and French war offices held in London Wednesday, but no news of the proposed movement was made public until the troops actually had disembarked on this side of the channel.

The British government also had completed arrangements, including the commandeering of sufficient transportation to send an army of 100,000 men into Belgium.

Although five strong British war vessels conveyed the troops which arrived Saturday, it is rumored that Great Britain is not depending entirely on these convoys, but has a strong line of British cruisers across the channel to keep the way clear in preparation for the movement of other troop ships.

Valley of Sells is Inundated With Germans Who Hope to Stop Advance.

Paris, Aug. 10.—A statement issued by the war department at a late hour last night says that numerous skirmishes are taking place along the entire front of the French army. One clash with the Germans was violent and the observer of the German movement, a French aeroplane which descended during the engagement was repeatedly fired at. The officer who acted as observer of the German movement, receiving a bullet in the hip. The pilot of the machine, however, brought him safely to the ground and he was able to return to Belgium without the aeroplane was also sent for repairs.

DRUNK WITH SELF CONFIDENCE, SOON BE DISILLUSIONED

Subjects Hopelessly in Dark, Being Deeper and Deeper Into Uncertainties of World War—Believe Sword Has Been Forced in Their Hand—Belgian Resistance Scarcely Considered.

(Capital Leased Wire.)

London, Aug. 10.—When the history of this Armageddon is written, no matter what its outcome, the world will know that, so far as Germany was concerned it was a war of miscalculations. Germany has blundered in her preparatory stages and initial developments all along the line. Her own people, who will come to realize this before long, when they do so there will be wailing, and gnashing of teeth.

At present they are hopelessly in the dark. Drunk with self confidence, they are being dragged deeper and deeper into the uncertainties of a world war in the belief that the sword has been forced into the Kaiser's hand.

France Thought Unready.

Germany's miscalculations have been both political and military. They began with the cocksure supposition that the triple entente would not withstand the shock of war. France was held to be unready. Russia was looked upon as on the brink of a revolution both political and industrial.

England was thought to be preoccupied with Ulster and disinclined under any circumstances to risk anything in a great continental struggle not directly affecting her. Italy's help was regarded as a foregone conclusion.

The idea of the Belgian resistance to Germany's temporary invasion was hardly considered. The Belgian could offer military opposition worthy of Plevna never entered Berlin's mind. American sympathy was absolutely counted upon. Its absence is the cruellest disappointment the Kaiser's government has so far suffered.

Hour of Rude Awakening.

Its miscalculations in regard to England were perhaps the greatest of all. It scouted the idea of an English army, or the idea that a Kitchener might suddenly be placed in charge of it. The Germans have been educated by their political professor to believe that a great European war which involved Great Britain meant the independence of Canada, Australia and South Africa and revolutions in India and Egypt. The hour of rude awakening has set in. Great soldiers and statesmen warned that the war would produce surprises. They have begun with a vengeance.

GERMANS PAY AN AWFUL PRICE BEFORE GAINING ENTRANCE INTO LIEGE

District Around Forts Sown With Obstacles by Belgians Who Work Havoc on Invaders by Heavy Artillery—Seventeen Notables of Captured City Held as Hostages by Kaiser's Troops.

Brussels, Aug. 10.—The occupation of the city of Liege was carried out yesterday by the Germans. The surrounding forts are still holding out. The garrison, realizing that the citadel in the center of the city could not be held, held it up to prevent the invasion of the city. It was an old, disused fortress.

The Germans, on seeing spaces between the forts opened before them, started bombarding on Thursday evening. Among those who entered the city were General Von Einem, commander of the tenth army corps, and his staff. At the citadel, which is the barracks of the German army, the burgomaster of Liege was informed unless the town forts surrendered the Germans would bombard the town and race it completely. On orders from his government, the governor then left the town. The general replied that the forts must surrender or he would begin the bombardment. The German asserted that the peasants in the district had committed hostile acts against them.

Detained as Hostages.

All members of the deputation were detained as hostages, and it is not yet known whether they have since been liberated.

Paris, Aug. 10.—The first attack of the northeastern German column was on the left. It attacked Fort Pieron itself and the intervening space between Fort Pieron and Evigneux and the district between Fort Pieron and Chaudfontaine.

The attack from the beginning was without dash. The district had been sown with obstacles by the Belgian army and the artillery fire from the forts was heavy and well placed.

The Belgian attack from the inter-

OFFENSIVE MOVEMENTS BY FRENCH OR GERMAN ARMIES WILL THROW LIEGE IN SHADE

French President Sends Message to Belgian King that Men of Republic are Today Shedding Their Blood With Those of King Albert—Half Million Russians, With 700 Guns, Invade Land of Kaiser—Belgium Seizes 34 Steamers and Two Sailing Ships.

London, Aug. 8.—All eyes were turned today towards Belgium, where the unexpected stand made by the Belgian army against a German advance guard has earned praise in all quarters.

The authorities here have taken the greatest precautions to prevent the leakage of information as to military and naval movements, but indications were seen in the commanding of large liners and the stoppage of the cross channel passenger traffic that a British expeditionary force would probably soon depart.

The possible destination of this expedition could not be ascertained and the report from Paris announcing that the landing of the British troops had evoked enthusiasm carefully hid the place of their debarkation.

President Poincaré also gave out the news in his message to King Albert of Belgium, that French troops were "shedding their blood with Belgians on the battlefield today."

The fighting around Liege, although regarded in military circles as important, is considered as merely an opening movement in the campaign, the plan of which has been kept well hidden by both German and French commanders-in-chief. No hint has yet been given as to the position of the bulk of the 24 German army corps or of the 21 French army corps. It is known that several of the German corps are near the Russian frontier. The organization of other corps from the immense body of reserves must have occurred in the mobilization. These probably have taken the places in interior fortified cities in place of the soldiers of the active army who, it is assumed, are now preparing to make their first dash at the enemy.

It is pointed out by military men that any decisive offensive movement by the German or French army will involve several hundred thousands of men on each side, whose contrast will throw into the shadow the fight at Liege.

Reports from many quarters record further captures of merchant vessels.

HUNDRED MILLION WAR BUDGET FOR ANY EMERGENCIES

Stated Ottawa Will Pass Legislation Covering All Military Expenses.

NOT LIKELY ANY NAVAL LEGISLATION SUBMITTED

Another Army Division Will Probably Be Raised—80,000 Men on Militia

(Capital Leased Wire.)

Montreal, Aug. 8.—An Ottawa special to the Star says: A war budget of probably a hundred million dollars will be submitted by the government of Canada to parliament in the ensuing emergency session and will be the outstanding feature of the legislation enacted.

This money will be provided for the raising, equipping, despatch and pay of men going to the front in the cause of the Empire.

The necessary estimates are now in course of preparation and while so far as possible details of the proposed outlay will be given it will be difficult to provide specifically for contingencies. In consequence the money will very largely be voted in bulk.

Other enactments will be those ratifying the action taken by the government and providing permanent machinery, when similar emergencies arise. It has been found that many serious situations not contemplated at all by the law have arisen.

They have been promptly met without legal authority. That authority will be given. It is not likely that there will be any naval legislation submitted.

What can be done, however, is to send men.

The one army division being raised is likely to be followed by another. The government can quickly equip four such divisions or eighty thousand men without going beyond the establishment of the trained militia.

It stands ready to do so and cheerfully bear the entire cost. It is learned definitely that only one squadron of cavalry will be sent with the Canadian force.

All such lists are to be made up and forwarded by the captain of companies and officers commanding the regiments. KAISER'S SCHEME HAS FAILED, SAYS MILITARY EXPERT

Emperor William Planned Rushing Army Across Belgium to Attack Paris.

SAID GERMAN FLEET ON WAY TO MEET ENGLAND'S

Portugal Casts in Lot With Britain and Calls Army and Navy.

Montreal, Aug. 8.—A special cable to the Montreal Star from London says British troops have landed on French soil to co-operate with the French army in defending Paris. French troops have units with Belgian forces in Belgium and Luxembourg and have attacked the common enemy. The German attack on Liege continues, the Kaiser's forces being heavily. The German fleet that had concentrated at Kiel is rushing to battle with the English navy in the North Sea. Montenegro has declared war on Austria and Italy has called its reserves to the colors. Portugal has cast its lot with England and called her army and navy. These are the outstanding features of the great war that early despatches from the continent brought here today.

The war office had its seals of secrecy unbroken and the first news of the landing of the British troops on French soil came to the people of England from Paris.

This news and that of the union effected by the French and Belgian armies is the most significant from a military standpoint that reached here. It shows that the heroic defence of Liege by a garrison far outnumbered has afforded the time necessary for England and France to throw their forces into action.

Even if Liege were finally battered into submission the importance of the check the German army have received there cannot be underestimated. Military experts say that striking like a thunderbolt Emperor William had planned to rush his army across Belgium and aim his attack on Paris before the French army could present any effective obstacles and before British troops could cross the channel. This plan has failed, say the experts.

Victory or defeat at Liege now matters not as far as the result itself is concerned. The delay occasioned General Von Hindenburg's army has seriously hampered the plans to clear a path and co-operate with the main German forces understood to be east of Thionville.

Military critics here declared today that Germany has learned no lesson from recent wars and would follow the same tactics pursued against France in 1870. They pointed out that the tactics of the German infantry in making frontal attacks of the Liege forts showed a failure to adopt the methods taught in recent years.

"A TRUCE TO PARTY STRIFE DURING WAR" SAYS LIBERAL LEADER

Ottawa, Aug. 8.—In a statement given to the press, Sir Wilfrid Laurier, the liberal leader, emphasizes the fact that in the present time of crisis there should be "a truce to party strife." In full accordance with that view, the central liberal information office will not publish during the present crisis any matter which might be calculated to embroil the government at a time of national danger. Comment which otherwise might very properly be made up on a number of Canadian daily criticisms will be withheld until a more fitting time. Liberal leaders believe that in following such a policy in regard to their official publications they will have the approval of all patriotic Canadians.

The German authorities at Tsing-Tai have received word that British warships have gone to Vladivostok to escort Russian troops to Kiao Chau for the investment of Tsing-Tai.

RELIGION AND LOVE OF COUNTRY DEMAND SUPPORT OF BRITAIN

Montreal, Aug. 10.—"It is our duty, and every one's duty, to give Britain our loyal and hearty support, and in this I am sure our people will not fail, for both religion and love of country demands it at our hands." Such was the declaration of Archbishop Bruchet at a service to commemorate the 17th anniversary of his Grace's consecration.

"On the day following the close of the 'Eucharist congress at Lourdes' said the Archbishop, 'widen words of fraternity and peace were pronounced, a great war broke out in Europe. I need not review the events of the past week as you are familiar with them all. Do they not appear really mysterious in our eyes? For years past preparations for war have been going on, yet every one seemed afraid to begin and in fact what has not been done to avoid this conflict? Treaties, alliances and exchange of visits among sovereigns and famous statesmen took place, with this in view. Let us not forget also the famous conference at The Hague, from which the pope was unfortunately excluded, and also the temple of peace, erected at a great cost, in order to assure the world. They did not take into consideration, however, the great ruler in Heaven, who perhaps at the proper time had to give a reply to the bravado, to the insults, and the impety of men, as well as to national crimes."

ARTIST'S AFFIDAVIT RECITES BARBAROUS DEEDS OF GERMANS

Paris, Aug. 10.—How five young Frenchmen were shot and killed in Germany is graphically described in an affidavit of Jean Demophylus, art student, who declared furthermore that two Italians travelling in the same train met the same fate.

The first Frenchman to be killed had shouted "Long live France!" at Trier, a town of Baden, where he was awaiting a train. According to the affidavit he was immediately arrested, placed against the wall of the station and shot.

Three other French youths, who were among the same crowd detained at Trier, by Germans, protested at the killing and were told to shut their mouths. They were then led to the place where the Frenchman was shot, and a group of officers fired at them as they fell. Women in the vicinity kept the affidavits recite, knowing what happened.

Another Frenchman who shouted "Assassin!" was shot, the affidavit says, while the two Italians were killed on the road between Waldstatt and Immendingen.

One of them was killed in an argument over the closing of a train window, and the other because he objected to a German sitting on his lap.

Boy Scouts Carried Despatches in Fight Around Liege Forts

Brussels, Aug. 10.—King Albert has issued a general order to the Belgian army in which he says the "heroic defence of the garrison at Liege will live for ever in the memory of the nation."

"Soldiers," he continued, "remember that the Belgian army is the advance guard of an immense army engaged in a titanic struggle." and added a greeting to the French army, "which is coming to our aid."

"Together," the king said, "we will march to victory."

It is reported that several boy scouts have been killed and wounded in the fighting about Liege. The boy scouts were most useful throughout the engagements in carrying despatches, and showed great courage.

Fleet to Otranto Rome, (via Paris) Aug. 10.—An Austrian fleet of 13 battleships and 12 torpedo boats is said to be going at full steam toward the strait of Otranto, which connects the Adriatic with the Behring sea. The probable purpose of the fleet is to give succor to the German cruisers Goeben and Breslau, which have been reported in that vicinity.

Another Frenchman who shouted "Assassin!" was shot, the affidavit says, while the two Italians were killed on the road between Waldstatt and Immendingen.

One of them was killed in an argument over the closing of a train window, and the other because he objected to a German sitting on his lap.

HATTERS TAKE BOTH ENDS OF DOUBLE-HEADER FROM RED SOX

By Scores of 11 to 9 and 2—Mohart Had the Better of Berger on the Mound, and McCorry Opposed Buckles in Second Game.

Medicine Hat, Aug. 10.—Medicine Hat made it three straight by taking Saturday's doubleheader. The first by 11 to 9, and the second, 2 to 2. The first one was a hotly contested one, and despite the fact that each team did considerable hitting, the exhibition was good.

Berger and Mohart opposed one another, and the latter had the best of the argument. Both pitchers were constantly in trouble through the bottom of their team-mates.

The second started with McCorry from the Northwestern league, opposing Buckles. The Regina man was found in the pitcher's box in the seventh, Henry, Regina's third baseman, was hit in the head by a pitched ball and taken to the hospital. He left this morning for Regina and may be out of the game for some time. The game was then called.

The scores: First game: R. H. E. Medicine Hat . . . 029 21 50x—11 9 4 Regina . . . 003 105 000—9 12 7 Batteries: Mohart and Barth; Berger and Harris.

Second game: R. H. E. Medicine Hat . . . 002 110—2 6 0 Regina . . . 010 100—2 6 0 Called in seventh on account of darkness.

Batteries: Buckles and Barth; McCorry and Harris.

PITCHER USES HYPNOTIC POWER AND IS ATTACKED BY THE FANS

Professor Lee Lee, of Rayne, La., was famed for his hypnotic power. He also was a noted amateur baseball player and pitcher. It was while pitching that the professor could call this uncanny power to his aid when in a tight place in a baseball contest.

One day Lee was pitching a game against Vidalia. The fans of that burg were hot to believe that Lee, with this wonderful power with any great success in a real ball game. The game came again by the first batter, and when he reached the bench, he was still looking that way.

The second baseman met the same fate, and the hitting had a decided swirl when he reached the hitting bucket. This continued until the evil-eyed hurler whiffed seven men in succession, and they were all looking cross-eyed when he got through with them.

WELSH HAS BUSY TIMES TO COME

Since Winning Title Has Been Bombarded by All and Sunday for Fight.

(By Tom S. Andrews.)

The all-absorbing topic among boxing fans at the present time is in regard to Freddie Welsh's recent victory over Willie Ritchie, whereby he annexed the world's light weight championship. Freddie is being bombarded from all sides with challenges, and at the present time it is expected that he will have a fight with just who his next opponent will be. But it is a pretty good bet that his manager, Harry Pollack, will not permit him to take any chances until he has had an opportunity to take in some of the easy money which they consider a champion is entitled to.

Charlie White has been a persistent challenger of Welsh since he won the title and now comes Paddy McFarland, the Chicago fighter, with a deft to fight Freddie at the weight he claimed was made in the match with Ritchie—135 pounds. This is not correct as they weighed in 124 pounds on the day of the fight, and from all accounts there was little difference when they entered the ring, as both boys' weight was about normal. However, Welsh has repeatedly offered to make 135 pounds, this time for Ritchie—135 pounds. But this is setting beyond the light weight limit and there is no reason why a match should be made at such a weight with the title involved.

If we are going to have a light weight class, let us know what it weighs—135 to 135 pounds. McFarland and Welsh would be a great attraction, and it would also be a great fight. They have met three times, two being draws and the other a 10-round fight.

Toronto Poloists Beaten
 On the Woodbine Polo field Saturday the crack Buffalo team defeated the Toronto Hunt club team by 8½ to 6. Buffalo was penalized ¼ in both the fourth and eighth periods, in the former for a collision and in the latter for placing the ball behind their own dead line.

perous, in the former, for a collision and in the latter for placing the ball behind their own dead line. Toronto showed up to much greater advantage after the third period, riding their opponents close and improving in the accuracy of their marks.

TECUMSEHS WERE DEFEATED 7 TO 1

By Irish Canadians at Island Stadium, Toronto—Rough Play Last Quarter

Toronto, Aug. 10.—The Tecumsehs and Irish Canadians clashed Saturday at the Island stadium and the Indians were forced to lower their flag to the Green Shirts, scoring only one goal at their opponents' goal.

Don Smith scored the first goal for the victors, neither team adding to their tally during the remainder of the quarter, though Querie twice came near scoring. The Irishmen scored again in the first three minutes of the second quarter, H. Scott putting the ball through on a pass from Fred Scott. There was no further scoring, though there were some determined attacks by the Irishmen. Graydon for the Indians, and Fred Scott for the victors were benched. In the third quarter Whitehead scored the first goal for the Tecumsehs, hitting the ball through on a rebound from Brennan's stick. Following an Indian, H. Scott, scored again after a brilliant run, and Munro brought the Irish lead up to three. Erratic shooting by both teams marked the first part of the fourth quarter. Some rough play followed and several players were sent to the bench. Finally H. Scott scored, to be followed by his brother Fred and Kane.

Just lay a bet right here that P. A. will give you an absolute what you've hunted for years, either in a pipe or a cigarette. And that goes! Right now's the time, too, while the "listen" is in your system.

Service Adds to Pleasure

One of the things that is making touring a great pleasure this summer is the service which the owners of the cars are giving. The dealers and branch managers have been working overtime to outfit each other in smoothing the ruts and making the journey what the man anticipated when he bought the car.

Repairs are made in much less time than in other years, replacements are on hand or are secured very quickly and the owner is not "soaked" for the work done. Charges are reasonable as they should be, for the rich automobile owner now is in the minority.

The ordinary owner will not stand for a hold up on the part of the repair men.

In addition to the service it does not cost as much to run a car now as it did a year ago. Tires are cheaper and they are better, for there has been an improvement in their manufacture the same as in all other parts of the automobile. Gasoline is much lower than in other years, replacements are on hand or are secured very quickly and the owner is not "soaked" for the work done. Charges are reasonable as they should be, for the rich automobile owner now is in the minority.

It was a year ago, something like five cents a gallon cheaper, so that the owner should be able to show about 10 per cent more mileage for the same amount of money spent, if he doesn't hit anything in the way.

It might be added that the 1914 models with all their excellencies are the cheapest automobiles in the first cost that have been produced, so that everything favors the owner this year.

QUAKERS AND MILLERS BREAK EVEN IN TWO GAMES SATURDAY

Saskatoon Took First 4 to 1 and Millers Second by 7 to 5—Outfielder Harley of Saskatoon Gets in Wrong With His Fine Flow of Language.

Moore Jaw, Aug. 10.—The Quakers and Millers broke even here Saturday, the visitors taking the first game 4 to 1, and the locals the second 7 to 5. The first game was a pitching duel between Fred and Beer, and had Fred been given a square shake by Wheeler on balls and strikes, he might have won. He held the Quakers to two hits, while Beer kept the locals down to a trio of blows. After the game Harley addressed some dirty remarks to Flanagan and the local players resented by offering to fight. The pair started in and Flanagan got in one good swing, when Beer stopped hostilities. Harley was very profane in his language, while the Moose Jaw player said nothing, but was contented to do the fighting.

The Quaker center fielder yelled his opinion of the fans and Flanagan in disgusting diabolical tones, and should have been arrested. Wheeler claimed he had no jurisdiction over the men after the game was over.

The evening game was apparently won by the Quakers in the sixth, but in the local's half of the same frame they took advantage of Flanagan's willingness to score four runs and win the game. A triple to the fence by Yule tied it up after Augustus R. Flanagan had walked, while a single by Whiteman and another by Fritz gave the locals a two-run lead. Both Kirtess and Russell were freely hit, but scored.

Afternoon game: Saskatoon . . . 201 001 000—4 9 1 Moose Jaw . . . 000 000 100—1 3 2 Batteries—Beer and Walters; H. Fred and Harley.

Evening game: Saskatoon . . . 001 103 000—5 11 1 Moose Jaw . . . 001 004 000—7 9 1 Batteries—Russell, and Spencer; Kirtess and Walters.
